For example, we may ask you to have laboratory tests (such as blood or urine tests), and we may use the results to help us reach a diagnosis. We might use your IIHI in order to write a prescription for you, or we might disclose your IIHI to a pharmacy when we order a prescription for you. Many of the people who work for our practice - including, but not limited to, our doctors and nurses - may use or disclose your IIHI in order to treat you or to assist others in your treatment.
